Written Testimony

Dear City Council Members, I am writing this testimony in support of Bill 13 in regards to the Executive Operating Budget for the Grant in Aid for District 1. This bill will help us achieve our mission, which is "to inspire all young people who need us the most to become caring, productive and responsible citizens". With this Grant in Aid, we are able to provide quality programs that leads to an outcome driven experience at the Boys & Girls Club of Hawaii and results in three priority outcomes such as academic success (kids doing better in school and graduating), healthy lifestyles (being more active, living healthy, and deterring from risky behaviors) and good character & citizenship (youths will care for their community and know what is the meaning of giving back). This will give

our community a safe and fun place to come together and increase positive youth development and their family relationships. It takes a village to raise a child, so please support us in being apart of that village to help raise up youths in our communities to do greater things. I am in full support of Bill 13 as it will help us to impact more youths in a positive way and to gie them opprtunities to strive for success. If you need to contact me, please call me at 668-9399. Sincerely, Claudia Fernandez
